REWARDS PROGRAM

Our Rewards Program is designed to allow professional landscape company owners to earn points on items they already purchase.

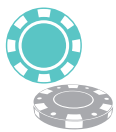

With the Automatic Supply Rewards Program...

Points can be redeemed for almost anything – no catalogs or limited choices – you simply tell us what you want, and we have someone from our team purchase it for you. As long as it's legal and not cash, we will try our best to make it happen.

Use your points on items like power tools, furniture, boat repair, gift cards, corporate outings, computers, televisions, and more. If you get a gift card, you are required to fill out a W9, and if you receive more than \$600 in gift cards for the calendar year, we have to report you on a 1099.

Enjoy our Annual Rewards Event where we have free food and drink and give away thousands of dollars in prizes.

Redeem your manufacturer points at a higher value by converting them to Automatic Supply points. Simply log in to your manufacturer account or call the manufacturer to request distributor credit and we will turn your credit into Automatic Supply rewards points. Only some manufacturers offer this including Rain Bird who gives 25% higher point value when redeemed for distributor credit vs. other items.

There is nothing for you to keep track of, we do all of the work for you. Once you enroll with your dedicated sales rep, we will track your points based on your purchases. When you're ready to redeem, just contact your rep. Not sure who your sales rep is? Email info@askautomatic.com.

Get Started Today!

Contact your Automatic Supply Sales Rep, stop by an Automatic Supply location, or email us at info@askautomatic.com to enroll in the program.

REWARDS PROGRAM

Automatic Supply Rewards Program FAQs

How much are my points worth?

You will earn 1 point for every \$2 of products purchased and paid for. The value of a point is \$0.02 per point.

Do all my purchases qualify?

All purchases qualify except for specified purchases such as pump stations, or specially ordered items (determined on an individual basis).

Who is this program for?

Individuals who are owners or key employees of contracting businesses who purchase products from Automatic Supply. This program is typically unavailable for municipalities and government agencies.

Do I lose my points at the end of the year?

No, they will roll over to future years.

What if my Automatic Supply credit account is past due?

Can I still redeem my points? Your Automatic Supply account must be current to redeem points. Until it is current, the only way to redeem points is to apply them to your overdue balance. Points will not be forfeited because of an overdue account unless that account becomes so delinquent that it is sent to collections.

Can I use my points to pay my bill?

You will be able to redeem your points and apply as a credit on your account. There will be no cash payout, but you can use the credit against any purchases.

How long can I save my points?

You can save points as long as you like, provided you continue to purchase from Automatic Supply at least once per year. The points will not be expiring in the foreseeable future, however, if the program is canceled, members will be given plenty of notice to redeem their points prior to cancellation. Upon such notification, Automatic Supply is not financially liable to dispense money to members who fail to redeem by the deadline. But again, this program is set to be in place for the foreseeable future, with no end date in sight.

If there is something I want, how do I make sure I get it?

Talk to us. Notify your salesperson of your interest.

What if I don't have enough points to redeem for what I want; can I pay the difference?

Yes, we will accept payment for the balance, using the \$0.02 per point formula.

Can I use my Rain Bird Rewards points in your program?

Yes, you can use your Rain Bird Rewards distributor credits toward any redemption that you wish.

Will there be other opportunities throughout the year to gain additional points?

We will run specials throughout the year to give you opportunities to earn extra points.
